FISCAL IMPACT

There are no fiscal impacts to the California Enterprise Development Authority from the adoption of the attached resolutions.

INTRODUCTION

On Thursday, June 19th, the Board of Directors approved a Resolution of Intention for the County of Monterey, City of Santa Paula, and the City of Willows.

These Resolutions declared its intent to include the jurisdictions of the participating member entities in an energy and water efficiency district. The resolutions among other things, briefly described the proposed arrangements for funding the FIGTREE PACE Program and directed FIGTREE Energy Resource Company, the Program Administrator, to prepare a report as required by AB 811. Subsequently, July 10, 2014 was set as the date for a public hearing on the Program.

The proposed Resolutions for each public entity are the final step in a two-step process necessary for the implementation of the FIGTREE PACE Program in participating member jurisdictions.

BACKGROUND

The resolutions passed by CEDA declaring its intent also directed the program administrator to prepare and file with the CEDA board a Program report that complies with AB 811. AB 811 requires the report to provide all of the following:

1. A map showing the boundaries of the territories within which contractual assessments are proposed to be offered.
2. A draft contract specifying the terms and conditions that would be agreed upon by a property owner and the California Enterprise Development Authority.
3. A statement of CEDA policies concerning contractual assessments including all of the following:
 - a. Identification of types of facilities, distributed generation renewable energy sources, or energy efficiency improvements that may be financed through the use of contractual assessments.
 - b. Identification of the CEDA official authorized to enter into contractual assessments on behalf of the member jurisdiction.
 - c. A maximum aggregate dollar amount of contractual assessments.
 - d. A method for setting requests from property owners for financing through contractual assessments in priority order in the event that requests appear likely to exceed the authorization amount.
 - e. Description of criteria for determining the underwriting requirements.
 - f. Safeguards that will be used to ensure that the total annual property taxes and assessments on the property will not exceed 5 percent of the property's market value.
4. A plan for raising a capital amount required to pay for work performed pursuant to contractual assessments, including a statement of or method for determining the interest rate and time period during which contracting property owners would pay any assessment; and the apportionment of all or any portion of the costs incidental to financing, administration, and collection of the contractual assessment program among the consenting property owners and CEDA.
5. A report on the results of the consultations with the County Auditor-Controller's Office of each participating member jurisdiction regarding the additional fees that will be charged

to the participating property owner for incorporating the proposed contractual assessments into the assessments of general taxes of the county on real property, and a plan for financing the payment of those fees.

The program report was prepared and filed as required.

Pursuant to AB 811, CEDA provided notice of the public hearing by publishing a notice once a week for two weeks in regional publications of participating members.

CONCLUSION

Adoption of these Resolutions is the final step required by CEDA in the required assessment district proceedings. At the conclusion of adopting these Resolutions, the Program will commence accepting applications for the provision of financing for participating property owners. Once a sufficient number of property owners have entered the Program, staff will bring before the board for approval the terms of the financing of the assessment districts.
